HELLO COLLEGE ROYAL VISITORS! WELCOME TO OUR 2016 EVENT!

A ROCKIN' WELCOME

I welcome you to the University of Guelph and to our 92nd annual College Royal.

The event is run entirely by students and attracts thousands of visitors for a look at the many offerings and qualities that make University of Guelph unique. As our theme suggests, this year we will ROCK! with many changes to the program and presentations.

Look for the new ways we have developed to engage families and children in research and scholarship across all seven of our colleges.

Whether a return visitor or new to the campus, you will see many examples of how we are an innovative research institution and an economic engine for the province.

My congratulations to all of the students, faculty and staff who volunteer their time to this outstanding showcase.

Enjoy your time on our campus!

FRANCO J. VACCARINO, PHD, FCAHS
PRESIDENT AND VICE-CHANCELLOR
UNIVERSITY OF GUELPH

Thank you for visiting the University of Guelph and for partaking in this year's College Royal Open House!

92 years ago, College Royal began as a livestock show for the Ontario Agricultural College. While respecting our traditions and humble origins, we continue to bring positive changes and new events to College Royal through the face of innovation.

Our success would not be possible without the hard work of the 77 executive members, my dedicated team of 9 officers,

supportive faculty advisors and all of the student participants involved through showing animals or exhibiting their clubs and colleges this year!

I am thankful for the overwhelming financial support within and outside the University of Guelph community, for without it there would be no College Royal. I am confident that you will enjoy your visit and wish you a *Rock 'n' Royal* good time!"

JULIA ROMAGNOLI, PRESIDENT
COLLEGE ROYAL 2016

Welcome to College Royal! This is always the best time of year on campus with every club and student group showcasing the best the school has to offer. There's so much to see and do, you'll definitely find something you like!

My favourite event is always going to see the animals in Old Mac's and watching the livestock shows that are going on all day. There's a lot of great things

to eat too, and I like to make a point of grabbing a milkshake over in Food Science.

With the clubs displays, competitions and exhibits happening, you're guaranteed to find lots to do. However you choose to spend your College Royal weekend, I hope you have fun and remember to #RocknRoyal!
